- * Director of The Health &Treatment Center of Farahzad Township(2000-2003).
- * Director of The University Counseling center (1997-2000).
- * Director of The Health &Treatment Center of University Students (1997-2000).

Educational Courses/Workshop:

- 1- Transcranial magnetic stimulation course (TMS) – Barcelona-Spain- (2017)
- 4 - Transcranial Direct Current Stimulation (tDCS)- INCAS Center- IRAN- (2015)
- 5 - Intensive Course in Transcranial Magnetic Stimulation (TMS) – Harvard Medical School – USA- (2012)
- 6- Introduction to Transcranial Direct Current Stimulation (tDCS) -Harvard Medical

School – USA-(2012)

7- Heart rate variability, principles and practice- AAPB –Baltimore-USA- (2012)

8 – Basic principles of neurofeedback & biofeedback- neurosciences congress -Tehran – Iran - (2012)

9 – Effect of biofeedback in treatment of anxiety – Tehran- Iran- (2010)

10 -Workshop of “ Applying an attachment theory of spirituality in clinical practice via schema therapy ”-Tehran- (2010)

11 - Workshop of Depression- Tehran- (2003)

12 - Workshop in control of anxiety in collage students- Tehran-(2000)

13 – Qualitative course in Psychiatry- Tehran- (1998)

14- Qualitative course in different problems in Medical students-Tehran -(1997)

Publication :

Paper:

- * Relationship of Temperament and Character Traits, Emotional Regulation and Perceived Parenting With Self-harming Behaviors in Adolescents
Journal – ISI, Scopus (2021)
- * Psychometric properties of the Persian version of the weight-related experiential avoidance (AAQW): overweight and obese treatment seeker at the clinical setting (2021)
- * The Role of Perceived Stress, Social Support and Body Image in Predicting the Severity of Depressive Symptoms in Ostomy Patients
ISI, Scopus (2020)
- * Psychometric Properties of the Persian Version of the Overall Anxiety Severity and Impairment Scale (OASIS) (2020)
- * Transcranial Magnetic Stimulation for OCD Treatment , Scopus,(2020)
- * Coping Styles with psychological pressures in students of Iran
University of medical sciences , Scopus(2019)
- * Comparison effectiveness of MBSR and CBT on interleukin 6 a oxidative stress in hypertensive patients,ISI,(2018)

- * Effectiveness of mindfulness techniques in decreasing anxiety and depression in women victims of spouse abuse . Asian Journal of Pharmaceutical Research and Health Care- Scopus (2017)
- * Comparison of anxiety , depression and stress and emotional self-regulation in normal and divorced women. International Journal of Tropical Medicine – Scopus (2016)
- * Social functioning increase after repetitive transcranial magnetic stimulation (rTMS) in patients with recurrent major depression. International Journal of medical research and health science- ISI (2015)
- * The effect of repetitive transcranial magnetic stimulation (rTMS) in reducing severity of the signs and symptoms, such as cognitive ,bodily and negativity-worthlessness of depression in patients with recurrent major depression disorder.Journal of Ardabil university of medical sciences –Iran (2013)
- * The effect of repetitive transcranial magnetic stimulation (rTMS) in clinical improvement and the signs reduction process of depression in patients with recurrent major depression disorder .Journal of clinical psychology of Semnan–Iran (2013)
- * Research of the “ Coping styles with Psychological pressures in students of Iran University of Medical Sciences ” (2001)
- * Research of the“ results of Septoplasty Operation in 30 cases who were referred to Hazrate Rasool hospital ”.(1997)

BOOK:

- * Group Therapy - Mirmah publisher- 2015
- * DSMIV Religious and spiritual problems introduction, David .Lukoff (Persian version) - 2016
- * Parenting children with ADHD, Monastra ,Vincent (Persian version)- 2017

Teaching Experiences:

1– Psychopharmacotherapy- School of Behavioral Sciences and Mental Health – Tehran (2021)

- 2 - Neuropsychology - School of Behavioral Sciences and Mental Health – Tehran (2021)
- 3 - Psychopharmacology - School of Behavioral Sciences and Mental Health –Tehran (2021)
- 4 – Psychopharmacotherapy- School of Behavioral Sciences and Mental Health – Tehran (2020)
- 5 - Neuropsychology - School of Behavioral Sciences and Mental Health – Tehran (2020)
- 6 - Psychopharmacology - School of Behavioral Sciences and Mental Health –Tehran (2020)
- 7- Psychopharmacotherapy- School of Behavioral Sciences and Mental Health – Tehran (2019)
- 8 - Neuropsychology - School of Behavioral Sciences and Mental Health – Tehran (2019)
- 9 - Psychopharmacology - School of Behavioral Sciences and Mental Health –Tehran (2019)
- 10 - Mental Health ,Culture & Spirituality- School of Behavioral Sciences and Mental Health – Tehran (2015)
- 11- Principles Health Services - School of Behavioral Sciences and Mental Health – Tehran (2015)
- 12- Clinical evaluation - School of Behavioral Sciences and Mental Health – Tehran (2015)
- 9 - Psychopharmacology - School of Behavioral Sciences and Mental Health –Tehran (2014)
- 10 - Neuropsychology - School of Behavioral Sciences and Mental Health – Tehran (2013)
- 11 - Clinical evaluation - School of Behavioral Sciences and Mental Health – Tehran (2013)
- 12 - TMS in psychology (workshop)-Firozgar hospital- 2 days- Tehran (2013)
- 13 - Paralyzed psychology – rehabilitation collage - Tehran (2013)
- 14 - Spiritual psychotherapy – Mental health collage - Tehran (2013)
- 15 - Geriatrics psychology- Welfare university –Tehran (2013)
- 16 – Disabled people psychology – rehabilitation collage - Tehran (2012)
- 17 - Rehabilitate consultant professor- Isfahan medical university- 2days (2012)
- 18 - Psychology- international collage – medical students- Tehran (2010)
- 19 - Psychology- Karaj medical collage- Anesthesia students - Karaj (2010)
- 20 - Semiology -Karaj medical collage- Anesthesia students - Karaj (2009)
- 21- Rehabilitate consultant professor- Tabriz medical university- 2days (2008)

- 22- Consulting quality improvement for students- Tehran-2 days (2008)
23 – Effective consulting method for students -2days – Tehran (2007)

Research Experiences:

- 1- An Empirical Test of the Three Step Theory of Suicide in Iranian University Students (2019)
- 2- Investigating the role of alexithymia mediator in the relationship between emotional intelligence and suicidal thoughts in student (2019)
- 3- Determining the Relationship between Self-Conscious Emotion of parental of Thalassemia child and their Family Structure (Adaptability and Cohesion) with Coping Styles Mediation (2019)
- 4- Developmental Role of Executive Functions in Predicting the Event-based and Time-based Prospective Memory of the girl-bilingual Adolescents (2017)
- 5 –The role of perceived stress, body image and social support in predicting the severity of symptoms of depression and anxiety in patients with ostomy (2017)
- 6- Compassion of Executive function, Food Addiction, sensitivity to reward /punishment and activated brain areas to food cues in binge eating with and without type diabetes and healthy individual (2016)
- 7 - The comparison of effectiveness Transcranial direct current stimulation (tDCS) and Mindfulness-based cognitive therapy (MBCT) in the reduction of food craving in obese individuals (2016)
- 8 - Diagnostic validity of the Integrated Visual and Auditory Continuous Performance Test (IVA+Plus) with Children Behavior Checklist (CBCL) for diagnosing ADHD in children (2017)
- 9 - The effect of repetitive transcranial magnetic stimulation (rTMS in reducing severity of the signs and symptoms of depression in patients with recurrent major depression disorder (2012)
- 10- Research of the “ Mental health among university students; longitudinal study in Two years (2003)
- 11 - Coping styles with psychological pressure in student of Iran university of medical sciences (2000)
- 12 – The study of students mental Health of Iran university of medical sciences (2000)

Research Paper presented in Conferences/Seminars

- 1- Effectiveness of rTMS in depression: A brief report – Poster presentation - 2nd Brain stimulation conference - Barcelona- Spain- (2017)
- 2 – Comparison of anxiety, depression and stress and emotional self- regulation in normal and divorced women- Poster presentation - Barcelona- Spain – (2016)
- 3 - Effectiveness of mindfulness in decreasing anxiety and depression in women victims of spouse abuse –Poster presentation - Barcelona – Spain – (2016)
- 4 - TMS therapy and pre-and post-QEEG in recurrent major depression disorder- Poster presentation–1st Brain stimulation conference - Singapore (2015)
- 5- The effect of repetitive transcranial magnetic stimulation (rTMS) in reducing severity of the signs and symptoms, such as cognitive, bodily and negativity-worthlessness of depression in patients with recurrent major depression disorder–Poster presentation -Biological Psychiatry Congress - Kyoto – Japan (2013)
- 6 - Social functioning increase after repetitive transcranial magnetic stimulation (rTMS) in patients with recurrent major depression –Poster presentation - Biological Psychiatry Congress - Kyoto – Japan (2013)
- 7 - The study of long lasting effects of repetitive transcranial magnetic stimulation (rTMS) with high frequency (20Hz) in medication resistant major depression - Poster presentation- Cognition Neuroscience Congress – UAE (2013)
- 8 -The effect of repetitive transcranial magnetic stimulation (rTMS) in reducing severity of the signs and symptoms of depression in patients with recurrent major depression disorder- Oral Presentation- 1th Neuroscience Congress-Tehran (2012)
- 9- Coping styles with psychological pressure in student of Iran university of medical sciences - Poster presentation - IFTA(USA) congress- Netherland- (2011)
- 10- Dohsa improvement-Germany- (2008)

Seminar/Conferences Attendance

- 1 - 3 th Brain Stimulation Conference – Vancouver –Canada (2019)
- 2 – Neuroscience congress – Tehran – Iran (2017)
- 3 – 2 th Brain Stimulation Conference – Barcelona (2017)
- 4 - Neuroscience congress – Tehran – Iran (2016)
- 5 - Neuroscience congress – Tehran – Iran (2015)
- 6- 1st Brain Stimulation Conference – Singapore- (2015)
- 7 - Neuroscience congress – Tehran – Iran (2014)
- 8 - Neuroscience congress – Tehran – Iran (2013)

9- 11th World Congress of Biological Psychiatry – Kyoto – Japan (2013)

10 - Cognition Neuroscience congress – Dubai – UAE (2013)

11 - Neuroscience congress – Tehran – Iran (2012)

12 - Psychology congress – Tehran – Iran (2012)

13 - Evoking human potential conference – Baltimore - USA (2012)

14 - Family therapy (IFTA) congress- Netherland (2011)

Membership:

* member of clinical science of spiritual health (2013)

* World Federation of Societies of Biological Psychiatry member (2013)

*USA AAPB (biofeedback) member(2012)

*Editor in chief for Students Education Journal (1997-2003).

*Member of editorial board of the Psychiatry Journal (1998).

*Member of the scientific publication committee in Health & Treatment Organization (1997-1999).
